DIETARY SUPPLEMENT

**with hydroxytyrosol
from olive tree and vitamins**

www.magisnat.com

Mediterranean diet

The **Mediterranean diet** is rich in olive oil, fruits and vegetables that contain **polyphenols**.

The **typical foods** of the **Mediterranean diet** contain **substances** which help **maintain** an optimal **state of health** and **restore** the **physiological balance of the organism**.

HYDROXYTYROSOL

The most potent antioxidant

Hydroxytyrosol is an **olive tree polyphenol** and one of the **most potent antioxidants** in the world.

It is **present in the vegetables of the Mediterranean diet**.

Hydroxytyrosol, easily orally absorbed (it reaches the bloodstream in 15 or 20 minutes) and there are **no problems** with **accumulation or toxicity** (it is eliminated through the kidneys or digestive system about 6-8 hours after its absorption).*

Our mission is:

- to **study natural substances** extracted from **typical plants of the Mediterranean diet**, which have shown **beneficial effects on the human body**;
- to **offer them** to those who want to **enrich their diet**.

*These statements have not been evaluated by the Food and Drug Administration. This dietary supplement is not intended to diagnose, treat, cure or prevent any disease.

RECOVERY

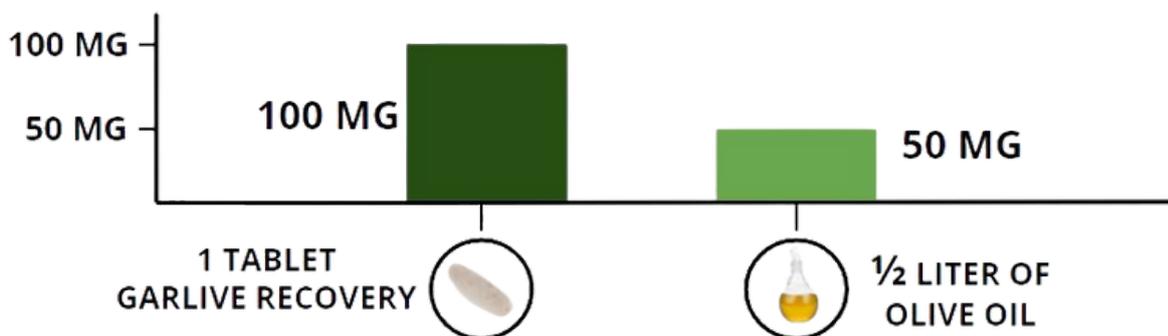

Garlive Recovery is a **Dietary Supplement*** with **hydroxytyrosol from olive tree** and **vitamins**.

MORE POLYPHENOLS IN 1 TABLET THAN IN ½ LITER OF OLIVE OIL**

Hydroxytyrosol, the olive tree's most abundant polyphenol, is present in Garlive Recovery **at high dosage**.

Polyphenols from olive tree, a typical plant of the Mediterranean diet, provide a broad range of **beneficial effects** against **age-related diseases, metabolic syndrome, brain disorders** and **cardiovascular diseases.*****

*Dietary supplements do not possess any therapeutic or preventive properties.

**Equivalent data based on study showing average polyphenols content of common olive oil to be 10 mg per 100 grams. <https://doi.org/10.3390/ijms19030686>

*** These statements have not been evaluated by the Food and Drug Administration. This dietary supplement is not intended to diagnose, treat, cure or prevent any disease.

RECOVERY

This is the only **dietary supplement** combining **polyphenols** from the olive tree with **this particular vitamin formulation**.

Vitamins are an **essential component** of modern-day health.

Supplementing the **diet** with **Garlive Recovery*** is **recommended** because **today's lifestyles** are associated with **vitamin deficiencies**. **

This dietary supplement is not to be intended a substitute for a varied diet and must be used as part of a healthy lifestyle. Keep the product out of reach from children under 18 years of age. Do not exceed the recommended daily dose. For the usage of the product during pregnancy and during breastfeeding it is advisable to seek the advice of a doctor. Do not take in cases of known or suspected hypersensitivity or allergy to one or more of its components.

Store at room temperature in a cool and dry place, away from direct light and heat sources. Maximum storage temperature 104°F. Do not use if the package is not intact and/or after the expiration date. The expiration date refers to the product correctly stored and in unopened packaging.

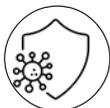

In order to receive further information about potential interaction with drugs and/or other substances in the diet, it is advisable to seek the advice of a doctor.

The recommended daily dose of Garlive Recovery is one pill per day, preferably in the morning.

Supplement Facts	
Serving Size 1 Tablet (1g)
