RE: Evaluation of the compliance of the composition stated in the label with FDA regulations

To Whom It May Concern-

It is in my professional opinion that the “GARLIVE RECOVERY” product sold by MAGISLAB (an Italian company that is developing the MAGISNAT spin-off), conforms to the FDA Regulations that are applicable for Dietary Supplements. Hydroxytyrosol and Polyphenols are the main supplements in the Garive product, which are Generally Recognized As Safe (GRAS) by the FDA as they are both from the Olive plant. The corresponding GRAS notice is the number GRN 000726. Accordingly so, the brochure conforms to the FDA, DSHEA, and ONFL regulations.

Under the Dietary Supplement Health and Education Act of 1994 (DSHEA): Manufacturers and distributors of dietary supplements and dietary ingredients are prohibited from marketing products that are adulterated or misbranded. That means that these firms are responsible for evaluating the safety and labeling of their products before marketing to ensure that they meet all the requirements of the Federal Food, Drug, and Cosmetic Act as amended by DSHEA and FDA regulations. FDA remains the authority to take action against any adulterated or misbranded dietary supplement product after it reaches the market.

If products containing hydroxytyrosol bear any nutrient content or health claims on the label or in labeling, such claims are subject to the applicable requirements and are under the purview of the Office of Nutrition and Food Labeling (ONFL) in the Center for Food Safety and Applied Nutrition. The ONFL has approved this dietary supplement on labels as long as they conform to their regulations.

Sincerely,

(1) Garlive Recovery DIETARY SUPPLEMENT Brochure

Mediterranean diet

The **Mediterranean diet** is rich in olive oil, fruits and vegetables that contain **polyphenols**.

The **typical foods** of the **Mediterranean diet** contain **substances** which help **maintain** an optimal **state of health** and **restore** the **physiological balance** of the **organism**.

HYDROXYTYROSOL
The most potent antioxidant

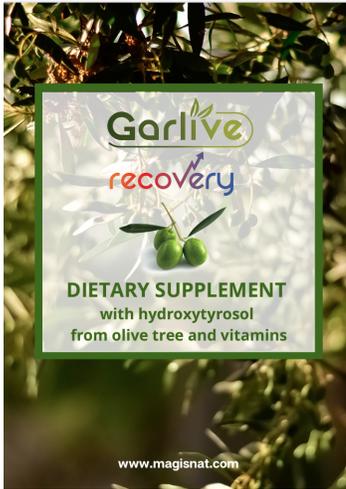

Hydroxytyrosol is an **olive tree polyphenol** and one of the **most potent antioxidants** in the world. It is **present in the vegetables of the Mediterranean diet**. Hydroxytyrosol, easily orally absorbed (it reaches the bloodstream in 15 or 20 minutes) and there are **no problems with accumulation or toxicity** (it is eliminated through the kidneys or digestive system about 6-8 hours after its absorption).*

- Our mission is:**
- to **study natural substances** extracted from **typical plants of the Mediterranean diet**, which have shown **beneficial effects on the human body**;
 - to **offer them** to those who want to **enrich their diet**.

Garlive Recovery is a **Dietary Supplement*** with **hydroxytyrosol** from **olive tree** and **vitamins**.

MORE POLYPHENOLS IN 1 TABLET THAN IN 1/2 LITER OF OLIVE OIL**

Hydroxytyrosol, the olive tree's most abundant polyphenol, is present in **Garlive Recovery at high dosage**. **Polyphenols from olive tree**, a typical plant of the Mediterranean diet, provide a broad range of **beneficial effects** against **age-related diseases, metabolic syndrome, brain disorders and cardiovascular diseases**.***

*Dietary supplements do not possess any therapeutic or preventive properties.
**Equivalent data based on study showing average polyphenols content of common olive oil to be 10 mg per 100 grams. <https://doi.org/10.3390/foods10020468>
*** These statements have not been evaluated by the Food and Drug Administration. This

This is the **only dietary supplement** combining **polyphenols** from the olive tree with **this particular vitamin formulation**.

Vitamins are an **essential component** of modern-day health. **Supplementing the diet with Garlive Recovery*** is recommended because **today's lifestyles** are associated with **vitamin deficiencies**.**

This dietary supplement is not to be intended a substitute for a varied diet and must be used as part of a healthy lifestyle. Keep the product out of reach from children under 18 years of age. Do not exceed the recommended daily dose. For the usage of the product during pregnancy and during breastfeeding it is advisable to seek the advice of a doctor. Do not take in case of known or suspected hypersensitivity or allergy to one or more of its components.
Store at room temperature in a cool and dry place, away from direct light and heat sources.
Maximum storage temperature: 18°C. Do not use if the package is not intact and/or after the expiration date. The expiration date refers to the product correctly stored and in unopened packaging.
In order to receive further information about potential interaction with drugs and/or other substances in the diet, it is advisable to seek the advice of a doctor.
The recommended daily dose of Garlive Recovery is one pill per day, preferably in the morning.

Supplement Facts	
Serving Size: 1 Tablet (25)	
Amount Per Serving	
Vitamin C 100mg	100%
Vitamin B1 5mg	100%
Vitamin B2 5mg	100%
Vitamin B6 5mg	100%
Vitamin B12 5mg	100%
Vitamin E 100mg	100%
Vitamin K 100mg	100%
Hydroxytyrosol 100mg	100%

In 1 tablet → 100 mg of olive tree polyphenols, of which 10 mg of hydroxytyrosol.

OLIVE LEAF AND OLIVE FRUIT EXTRACTS

- BOLSTER THE IMMUNE SYSTEM**:** olive polyphenols are shown to be potent immunity boosters.**
- SUPPORT CARDIOVASCULAR HEALTH**:** olive polyphenols have been shown to encourage healthy cardiovascular function by supporting healthy cholesterol levels as well as artery health & function.**
