## QUALITY AND SAFETY

We analyze **each individual batch**, ensuring the **highest accuracy and safety** of our dietary supplements. The analyses are published on our website, [www.magisnat.com](http://www.magisnat.com), and search for the **batch number corresponding to the one you purchased** to view them.

**What do we check for each production batch?**

- Microbiological Analysis
- Absence of heavy metals
- Absence of pesticides and aflatoxins
- Gluten-free and lactose-free
- Absence of the eight food allergens

This dietary supplement has been manufactured in Italy, **under certified cGMP processes**. **US expert consultants provide a dossier for each production batch.**

## PROPERTIES

**Supports Antioxidant Defense and Detoxification\***: The combination of N-Acetylcysteine, Proanthocyanidins, Vitamin E and Selenium boost the body's antioxidant defenses.\*

**Supports Anti-Aging and DNA Repair\***: N-Acetylcysteine, Proanthocyanidins, Vitamin E and Selenium play an essential role in promoting overall health, slowing down the aging process, and supporting DNA repair.\*

**Immune System Support\***: The synergistic effect of N-Acetylcysteine, Proanthocyanidins, and Vitamin E strengthens the body's natural defenses, ensuring better protection against infections and providing the necessary support for a robust and healthy immune system.\*

**Telomerase Activity Support\***: Proanthocyanidins from Maritime Pine Bark have been formulated to promote cellular health and longevity by helping to support telomerase activity and preserve cellular youthfulness.\*

## OUR APPROACH TO PERSONALIZED DIETARY INTEGRATION

The data from omics tests allows us to understand the real needs by studying the body's key metabolic mechanisms. Our dietary supplements are designed to target these critical areas\*, providing targeted support where your body needs it most.

### **Omics Testing: Discover Your Personalized Report**

Embrace the results of omics tests to discover the secrets of your vulnerabilities and needs.

### **Selection of the Right Dietary Supplement for You**

Choosing a dietary supplement should not be based only on the claims but must also stem from the personalized information of each individual.

### **Monitoring for Excellence**

Only through careful monitoring, made possible by omics tests, you can gain the maximum benefit from the supplements.

### **Science at the Core**

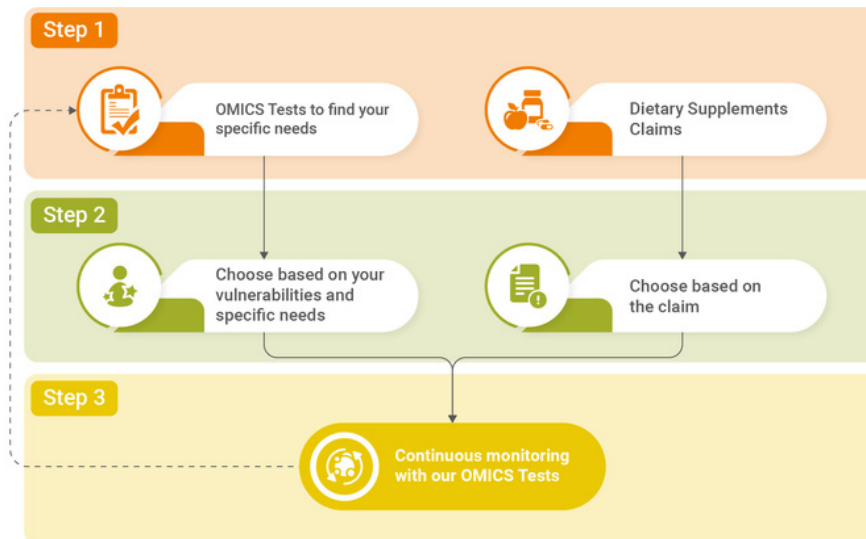

Every formulation is the result of the scientific research conducted by MAGISNAT at the Atlanta Tech Park.

# ACTIVITY PLUS

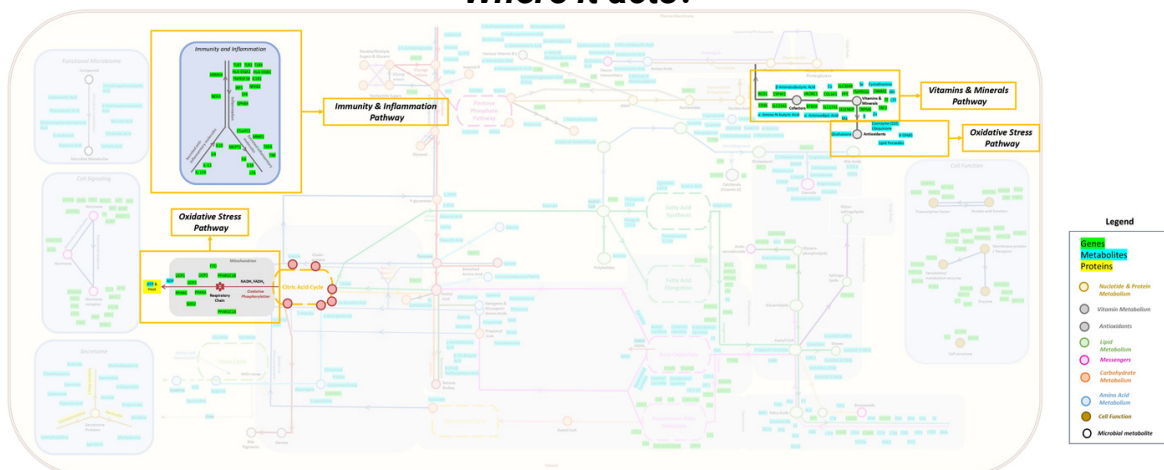

## INTEGRATED APPROACH: OMICS PATHWAY ANALYSIS AND DIETARY SUPPLEMENTS

As first step, MAGISNAT provides OMICS Tests that allow you to identify your specific needs. Moving on to step two, MAGISNAT offers a diverse range of dietary supplements designed to support those specific needs.\* Furthermore, as the third step, MAGISNAT, utilizing OMICS Tests, enables you to continually monitor your metabolism, empowering you to make informed decisions and choose the most suitable dietary supplement for your evolving requirements.

Using advanced omics techniques and our 'OMICS Machine,' MAGISNAT examines human metabolic pathways, identifying deficiencies and vulnerabilities through omics tests. This informs personalized nutritional supplementation based on individual molecular profiles, laying the groundwork for crafting personalized nutritional plans.
